Parkland College remains committed to keeping our communities healthy, safe, and informed during this time. Parkland College continues to follow COVID-19 guidelines from both the province and the federal government. These guidelines are updated frequently in response to the rapidly evolving situation, and our approach in this situation will change as well.

For everyone's protection, these are some of the many practices that are being put in place:

- physical distancing
- increased frequency of cleaning using Health Canada approved cleaners
- hand sanitizer
- reducing touch points
- increased hand washing
- screening questionnaire
- asking students to arrive no earlier than 15 minutes to avoid loitering
- limited breaks
- asking anyone who is feeling unwell to stay home
- masks are required
